# Welcome

Welcome to StarTypes, your personal astrology report written and illustrated by astrologer/author Michael Erlewine who, with over 40 years of experience in astrology, has written some twenty-some books on astrology and dozens of computer astrological programs. Erlewine writes:

"I have lectured, taught classes, and done private consultations for more years than I want to think about. What I have found works best is a one-to-one presentation of the astrological chart - your personal astrology. In the StarTypes reports, I have tried to do just that: walk you through what is most important about your astrology chart, step-by-step, just as I would if we sat down together for a chart reading. StarTypes Reports are illustrated and easy to read. After all, they are all about you!"

# Patterns in the Sky

StarTypes astrology is both ancient and modern. It is ancient, because it uses the traditional natal chart that astrologers have used throughout history. It is modern because it also takes advantage of what astronomers have learned about the heavens and our solar system in these modern times. The result is a unique combination of ancient and modern astrology that provides a unique perspective on your particular birth chart and therefore your life. This is how it works:

StarType analysis plots large-scale planetary patterns as seen from Earth and compares those patterns to corresponding patterns astronomers see functioning throughout our entire solar system. StarTypes charts not only the outer circumstances of your birth (your personality and Karma), but also the internal and spiritual qualities embedded in that same moment, your inner motivation, what has been called your Dharma or Life Path. The result is an enhanced perspective that in effect amounts to a stereo image of your birth moment and chart, looking inside and out.

StarTypes analysis offers a very complete perspective on your birth moment, with insights into what talents you naturally have, how those talents might be used, as well as your relationship role with partners, romantic and otherwise. Check it out. What follows is your own StarType report. I hope you enjoy it.

## StarType for louise

The heavens above and surrounding us are in constant change as the Sun, Moon, and planets move in their orbits to create vast kaleidoscope-like patterns in the sky, what has been rightly called "The Cosmic Dance." StarType analysis sorts through these many changing patterns and isolates the strongest and most pronounced pattern in effect at the moment of your birth. This cosmic pattern or archetype is your "StarType," and it best represents what is happening in the heavens at the moment of your birth. All in all there are some sixty major StarType patterns that have been recognized, and each represents a particular kind of individual and approach to life.

Your StarType is more than just your personality and the circumstances in which you happen to find yourself in life. It also describes who you are at heart, the real inner you behind all that is going on the outside, plus your possibilities - how you look at and approach life. StarTypes reveal the 'you' as only your closest friends know you, as you know yourself. What follows is a description of our StarType.

### This StarType:

louise is a very gifted Star\*type, particularly when it comes to psychological or spiritual ideas, but with a practical twist. She can usually manifest her ideas on the physical plane, which many have great difficulty in doing. Her mind is much more complex than average, and thus suited, as mentioned, to areas of the mind such as psychology, philosophy, and perhaps some of the spiritual disciplines. Seeing beyond the normal, even visionary concepts, are indicated. If there is one caution, it is the tendency to slip into syndromes, and to get caught up in the minutiae of the mind and have trouble extracting herself back to normal life.

### This StarType:

Marching to a different drummer, you've heard the phrase. Well, that fits Marry and this StarType to a 'tee'. Here we have extra-ordinary intellect, a real talent for sizing up a situation at a glance. There is only one caveat and that is that she always has an alternate view of almost everything, not that this is in any way a defect. She is usually spot on with her observations, but, again, always coming from a new or alternate way of looking at things - the master of left field.

Marry's mind is all encompassing and her opinion is considered essential, albeit unique.

# Approach to Relationships

## Approach to Relationships - louise

This means she has enough innate sufficiency to do quite well just by herself, and probably doesn't find dependent relationships all that attractive. If she does choose a partner, the most stabilizing relationship would be with someone who has a pristine mind, the ability to really conceptualize and always gets the big picture at a glance. louise can't do that and probably would benefit from such a relationship, whether romantically or as a friendship.

# Approach to Relationships

## Approach to Relationships - Marry

When it comes to relationships, Marry needs them, which suggests that a partner will be pretty much always present, and mostly with the RED StarTypes, those who are more touchy-feely and practical than herself. These types will not cease to provide her with a steady stream of real experience, so that she can at least know what she talks about so well. They cause her to ground her thoughts and observation in experience and fact, and to work out thoughts on the practical plane.

# Appearances

## Things Are Not Always What They Seem - louise

---

Things are not always what they seem, especially when meeting someone for the first time. How to those around you see you? Are you a "What You See Is What You Get" type or are you a "What You See is Not What You Get" type. Are you different once folks get to know you? StarTypes has way of measuring the difference.

On the following page is a comparison of the traditional astrology chart of the outer appearances of this individual (personality), the way this person comes across AND the chart of their inner Self (Dharma chart), the individual as they are when you come to know them better. This will give you an idea if what you see is in fact what you get.

### Your Inner and Outer StarTypes

Inner StarType

Outer StarType

Above find your inner and outer StarType cards. Perhaps the more important of the two is the inner StarType, the one on the left. This is what is called your Dharma of Life-Path Chart. It is who you are inside, as people get to know you. This is your heart essence, how you function in this world.

On the right is the chart of how you appear to others, your personality, the way you come across upon first contact - the initial impression. These two cards can be similar in type and function or very different. If the border color of the cards is the same (green, red, blue, or rose), then you are more-or-less how you appear, that is: what you see is what you get. If they are different, colors, then you may be quite different on first impression than you are when people get to know you. In that case, what you see is not what you get.

## StarType Appearances

### You Are NOT What You Appear To Be

On the surface appears Warm, gregarious, and friendly, the life of the party, and the object of attention much of the time - a people person..

Appearances aside, in fact is Very idea oriented, at home in the mind, perhaps a little shy or awkward socially, but very wordy, interested in the psychological and the philosophical. Caring for others, and compassionate, but also very practical, putting pen to paper, getting things done..

# Star★Types Relationships

The table on this page represents the essential StarType elements for each partner, and not just the key StarType for each. These main elements are marked with a checkmark along the left and right sides of the table, along with how many times they occur, their StarType number, and a percentage indication as to how strong the element is (100% is the strongest possible). The four basic relationship types are color-coded from top to bottom, with green for the “Lover” StarType, red for the “Loved One” StarType, blue for the “Independent” StarType, pink for the ‘Multi-relational” StarType, and yellow for other types.

The purpose of the table is to let you see at a glance the various components of the relationship and their strengths.

As for types for louise to mix with, learn from, and perhaps have a relationship with, the more cerebral and conceptual green-bordered StarTypes, like the Grand Trine, would be a good match. As for other blue-bordered cards like herself, she would have the best chance of a stable relationship with any of the blue-bordered cards that have what is called a Grand Trine in them, which is an equal-sided green triangle in them. **KEYWORDS**

## For Marry

These types will not cease to provide her with a steady stream of real experience, so that she can at least know what she talks about so well. They cause her to ground her thoughts and observation in experience and fact, and to work out thoughts on the practical plane. Marry has a natural inner sense of vision, real insight, but a vision that walks just outside what we could agree is typical.

In other words, she brings to each situation a solution (you get the big picture), but always from an angle that is a little different. In general, she benefits from relationships with the RED LINE StarTypes, which serve to pull her ever more into the practical, causing her to enjoy herself, and to feel of life, deeply. This experience of relationship and getting more in-touch, best brings out her unique vision. Marry gets grounded by this kind of relation. Mixing with the 'Big Picture' GREEN StarTypes, like StarTypes #60 and #5 should prove interesting, since they will always differ with Marry enough to show off her very different view of things.

Marry: StarType #09, "The Alternate View"

louise: StarType #28, "The Clairvoyant"

Here we are mixing louise, who represents an independent type, with Marry, a dependent type. "Dependent" means that Marry is happier and more fulfilled through relationships, while independent (louise) types can be quite self-sufficient and content on their own. This particular match-up has the potential to be a little confusing, for the following reasons.

Marry, as mentioned, is looking for a relationship where her role as a lover and care provider will be fulfilled. She will naturally want to manage this relationship. However, louise has not only the ability to assume the role of the loved one, and enjoys a lot of attention, but also has some real care-taking abilities of her own. In fact, as for understanding and conceptuality, are similar, but not equal. Marry brings a wider scope and big-picture understanding to the relationship and this is really what distinguishes the two types.

The long and the short of it is that some frustration is probably in order here, perhaps in terms of mental bickering.

# Friends Comparison

There is some solid chemistry here, with Marry naturally assuming the role of caretaker, and louise (not quite so naturally) taking on the role of the object of Marry's affection of friendship. Marry has a very bright mind, able to grasp the gist of a subject conceptually at a glance, and her non-standard views usually turn out to be spot on. She is very mental and idea oriented. But Marry is also way more committed or in love, just because of her own nature than is louise, so keep that in mind.

louise, on the other hand, although also very idea oriented as well, her ideas tend more to inspirational and psychological issues. Still, they both have strong minds. louise, in addition, is very practical, putting ideas to work, by far the most practical of the two. So how can this combination work out?

It works best if louise assumes the role of the object of affection, as mentioned earlier, and this is not a slam-dunk for her, as by nature she is very independent. She can play either relationship role if she wants to or if a friend draws her into it. In this relationship, she can only play the role of object of care because Marry is not ambidextrous. Marry can play the role of caretaker and not the 'object of care'. This puts pressure on louise to stick with one role, and not to try and direct or "boss" the friendship. This would only result in a dual of critical minds.

# The Inner Relationships

What we have here are two folks with very strong minds and good intellectual talent. Both are good thinkers, although Marry has the broadest mental or conceptual reach of the two, but louise is no slouch either. If Marry is the "big picture" thinker of the two, then louise is the more psychological and spiritual thinker in this duo, with an imagination and test for the other-worldly and the esoteric.

louise is also much more socially oriented and adept than Marry, and knows how to work a crowd and feels very much at home as the center of attention from time to time. And can she talk! In fact, both louise and Marry have a real predilection for gab and like to hold forth.

louise does occasionally fall into mental ruts, repeating syndromes or bad habits that she can find hard to climb out of. Marry's advice and clearer mind can be a real help with this, offering counsel and direction. For her part, louise can help to pull Marry out of her ivory tower now and again and show her how to have some fun.

# Profile Summary

## Profile Summary for louise

louise is very management oriented, facile at using the mind, grasping ideas and patterns with ease, and perfect for overseeing, supervision, and higher-level management decisions. She also possesses a natural sense of psychology, an ability to psych out and understand how the mind works, in general, and in particular cases. louise is thoughtful, careful, and very eager and future oriented. All of this psychological and theoretical leaning is balanced by a very practical side, the ability to see ideas into the practical level - to make things happen.

louise would make an excellent mid-level manager, mostly on the side of upper management, but still sensitive to the needs of the work staff. As mentioned above, she is naturally interested in the spiritual, philosophical, and psychological, and would make an excellent counselor. However, louise is sometimes just a little too mental rather than physical, and can tend to get lost in the workings of the mind. She can benefit from higher-level management skills. There is a tendency for her to fall into a mental syndrome from time to time and to sit and spin her wheels.

## Profile Summary for Marry

Marry has great conceptual abilities, grasps things with her mind with ease, and can pick out the patterns right off. This talent for grasping abstract concepts makes her perfect for management that involves planning, in particular going forward. Marry is naturally forward looking, eager and interested in the future, perhaps even somewhat of a visionary. She is compassionate, aware of others, and is generally kind. There is one other point.

Marry's rather brilliant ideas always seem to come from a non-standard perspective. Her rather original point of view is always spot-on, but there is almost always something of a twist to where she is coming from, a different perspective. Marry marches to a different drummer.
